

CONTINUOUS IMPROVEMENT / KAIZEN (改善)

The first **ACT** would be to prepare reports and KPIs to clarify the current situation and to identify potential improvements.

Following the result obtained, a **PLAN** would be established with the priority in terms of improvements. Immediate actions would have to be **DONE** to protect the company and its customers. A **CHECK** or a control would be used to follow your actions deployed. Then, it would be to **ACT** in the long-term with specific and adapted tools to make improvements.

WE OFFER

After an analysis of your opportunities and your business, we will help you to **reduce your costs** and **reach Excellence** by using the **Lean methodology**.

WHO ARE WE?

Matthieu LEGER

Graduated in 2011 with a master's degree in Finance from the University of Le Havre, he decided to work as a cost controller and continuous improvement fields. He believes that both topics are linked together and help him to make the right decisions.

By helping you to **minimize your wastes**, he will **improve your financial results**.
